FAST TURNAROUND

BUILDABLE DETAILS

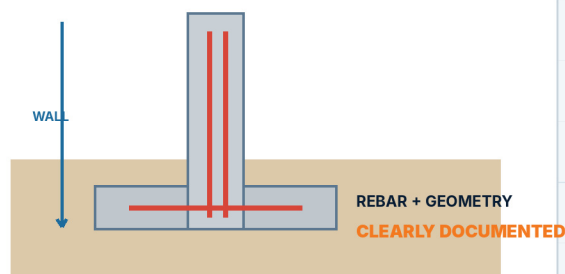

✕ REPEATABLE ENGINEERING NEEDS

- ✓ Continuous footings, pads, and grade beams
- ✓ Foundation and retaining walls
- ✓ Masonry openings, lintels, and reinforcement
- ✓ Slabs supporting posts, equipment, or concentrated loads

📄 FIELD-READY INFORMATION

- ✓ Clear sections and reinforcing schedules
- ✓ Permit-ready calculations and details
- ✓ Fast answers when site conditions change
- ✓ Repair concepts that match actual construction

WALL / FOOTING SECTION

BETTER INFORMATION BEFORE THE POUR

- Confirm geometry, loads, and reinforcement early
- Reduce costly changes after forms and steel are set
- Give inspectors a clean engineered detail

BUILDABLE SECTIONS + CLEAR REINFORCING

CALL BEFORE THE FORMS ARE BUILT, NOT AFTER THE INSPECTION FAILS.
FAST. PRACTICAL. BUILDABLE.
