

REFERRAL PARTNER SHEET

STEEL FABRICATORS & MISC. STEEL SHOPS

STRUCTURAL ENGINEERING FOR RESIDENTIAL & LIGHT COMMERCIAL PROJECTS

CLEAR SCOPE • UP-FRONT PRICING • RESPONSIVE SUPPORT

A FABRICATION-AWARE ENGINEER ON CALL.

Fast structural direction for miscellaneous steel, support frames, field modifications, and repeat shop work.

LICENSED PE

FAST TURNAROUND

BUILDABLE DETAILS

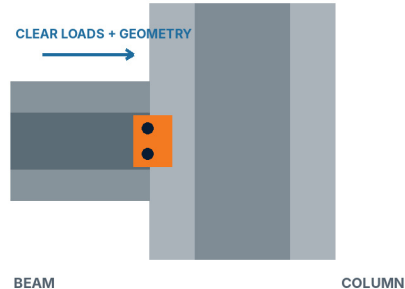

COMMON SHOP REFERRALS

- ✓ Platforms, stairs, rail supports, and equipment frames
- ✓ Beam and column modifications or reinforcement
- ✓ Field-fit conditions and as-built discrepancies
- ✓ Connection concepts, loads, and sealed calculations

WHAT MAKES IT WORK

- ✓ Practical details with fabrication in mind
- ✓ Clear load paths and connection intent
- ✓ Responsive support for repeat project types
- ✓ Professional calculations and stamped documents

FABRICATION-AWARE CONNECTION INTENT

LESS BACK-AND-FORTH

- Start with the geometry and actual shop constraints
- Get clear structural intent instead of vague redlines
- Create repeatable details for your common products

ENGINEERING THAT RESPECTS THE SHOP FLOOR

SEND THE NEXT ODDBALL STEEL QUESTION BEFORE IT STALLS THE JOB.

FAST. PRACTICAL. BUILDABLE.
